I'm going to tell you about my *favourite food*.

As you know, Vietnam is a tropical country. There are a lot of tropical foods.

My favourite food is *beef noodle*. It is *made of rice, beef*, and many *kinds of herbs*. I usually eat beef noodle *in the morning*. My favourite *restaurant is Hien Noodle. It is a small restaurant located on Tran Hung Dao street*.

Whenever I eat beef noodle, it always makes me have a *special taste. Hanoi is famous for beef noodle*. What's more, it is also well-known for a lot of delicious foods. For example Omai, grilled rice....

At home, my mother makes beef noodle very well. She often makes it when my family get together. We enjoy the happy time when we have beef noodle at home.
